

*Acknowledgment:* This material is based upon work supported by the Metropolitan Caucus and the Department of Energy under Award Number DE-EE0003568/000.

*Disclaimer:* This report was prepared as an account of work sponsored by an agency of the United States Government. Neither the United States Government nor any agency thereof, nor any of their employees, makes any warranty, express or implied, or assumes any legal liability or responsibility for the accuracy, completeness, or usefulness of any information, apparatus, product, or process disclosed, or represents that its use would not infringe privately owned rights. Reference herein to any specific commercial product, process, or service by trade name, trademark, manufacturer, or otherwise does not necessarily constitute or imply its endorsement, recommendation, or favoring by the United States Government or any agency thereof. The views and opinions of authors expressed herein do not necessarily state or reflect those of the United States Government or any agency thereof.

*Additional Disclaimer:* Neither the Metropolitan Caucus nor any member thereof, nor any of their agencies, officers, employees, agents or representatives, make any warranty, expressed or implied, with respect to the accuracy, content, completeness, currency, freedom from computer virus, non-infringement of property rights, quality, or usefulness of any information provided by or through this document or the EnergyWorks program, or assume any legal liability or responsibility for the work performed with support of EnergyWorks funds. All information in this document is provided “as is” and without any warranties, expressed or implied, and users are fully and solely responsible for their use of this information and for any results or consequences thereof. In no event shall the Metropolitan Caucus or any of its members, or any of their agencies, officers, employees, agents or representatives, be liable for any direct, indirect, special, punitive, incidental, exemplary or consequential damages arising from this document or from information provided by or through the EnergyWorks program, or from work performed with support of EnergyWorks funds. No information contained in this document should be mistaken for legal advice, nor should anyone make legally decisions based on this information. Reference herein to any specific commercial product, process, or service by trade name, trademark, manufacturer, or otherwise does not necessarily constitute or imply its endorsement, recommendation, or favoring by the Metropolitan Caucus or any member thereof. The views and opinions herein do not necessarily state or reflect those of the Metropolitan Caucus or any member thereof.
